K-SKITRANS-750S

K-SKITRANS UNIVERSAL TRANSPORT RACK

Robust and handy, K-SKITRANS is ideal for rental returns.

Very quickly and easily filled up, it allows you to move skis, snowboards, even shoes, around the workshop.

New 2025 model :

Even more sturdy thanks to an additional steel support at the front and protective bumpers on angles.

Main features :

- Handy and sturdy rack
- Bulk storage
- Suitable for all ski types and snowboards
- With large wheels (10cm diameter) including 2 wheels with breaks
- Adjustable skis/shoes (additional K-STOCK)
- Useful for preparing customer bookings
- Back to back mounting possible using the 500 D model

Front steel support & protective bumpers on angles
