

K-SKIEXT

Outdoor ski support

When installed in front of your store, the K-SKIEXT lets your clients easily leave their material close to the store entrance, and more easily move around your store. A stainless steel tank is optional to catch the water when the rack is used indoors.

GENERAL FEATURES

- + Compatible with adults and kids' skis.
- + Effortless ski handling.
- + One side model.
- + Supplied with 2 fasteners (Adult skis / Kid skis).

RECOMMENDATION

- + Wall mounting recommended
